xviii)	Caretaker's Dwelling Unit	1 (**added by Bylaw 463, May 20, 2025)

- b) If more than one use occurs on a *lot*, the required number of parking spaces shall be cumulative and in addition to those prescribed in any particular *Zone*, except in the Rural Assembly Zone.

(**replaced by Bylaw 463, adopted May 20, 2025)

(**original section 3.8(6)(c) deleted by Bylaw No. 463, 2025, adopted May 20, 2025)

- c) Motor vehicle parking areas containing more than 20 spaces in a row shall incorporate surface drainage infiltration galleries, and landscaped planning areas not less than 1.5m in width and 6.0m in length every 20 spaces.

(**added by Bylaw No. 262, adopted July 4, 2005)

(7) Bicycle Parking

Where not already prescribed, motor vehicle parking areas in *Zones* other than residential shall include facilities to park and store bicycles in a location that is accessible to guests, employees and the public. These shall contain at least 1 bicycle storage space for every 10 required parking spaces.

(**added by Bylaw No. 463, 2025, adopted May 20, 2025)

(8) Accessible Parks Spaces

If not already prescribed in a non-residential *Zone*:

- Accessible parking spaces shall be provided in the ratios of 1 additional space for the first 20 required parking spaces and 1 additional space for every 40 required parking spaces thereafter.
- Each accessible parking space shall have a width of 3.7m, occupy the nearest parking space to a *building* entrance that accommodates wheelchair access, and be clearly designated as accessible parking only.
- Drop curbs shall be provided on any curb between an accessible parking space and the *building* entrance to accommodate wheelchair access.
- Each accessible parking space shall have a firm, slip-resistant and level surface.

(**added by Bylaw No. 463, 2025, adopted May 20, 2025)

(9) Location of Parking Spaces and Driveways

- Any required parking space shall be provided on the same *lot* as the *building* or use in respect of which it is provided.

- b) With the exception of a driveway used for access from a *roadway* to a required parking space, a required parking space shall not be placed or maintained within ten (10) metres of any *front lot line* or *rear lot line*, or within five (5) metres of any *side lot line*.
- c) Driveways on *lots* shall not extend onto a *roadway* except as provided in the District of Highlands Bylaw to Regulate Roads and Traffic.

(10) Dimensions of Parking Spaces and Driveways

- a) No building shall be sited, placed or constructed on a *lot* unless a driveway from the *roadway* to the *building*, capable of access by emergency vehicles is built and maintained and such a driveway:
 - (i) shall not have a centerline radius less than 12 metres,
 - (ii) shall not have a traveled width of less than 3.6 metres,
 - (iii) shall not have a “K” value for vertical curves less than “2”,
 - (iv) shall not have any overhead obstructions within 4 metres measured vertically over the required width and length of the driveway,
 - (v) must provide for the parking of an emergency vehicle not more than 15 metres from the main entrance to the *building*, and
 - (vi) must provide a turnaround area for emergency vehicles between 15 and 30 metres of the main entrance to the *building* where the driveway exceeds 90 metres in length, measured between its intersection with the *roadway* and the *building* which it serves. Such a turnaround area shall have a minimum length of 10 metres, a minimum width of 5 metres and a maximum grade of 6%.

(**replaced by Bylaw No. 458, adopted October 7, 2024)

(11) Slope and Surfacing of Driveways

- a) For the purposes of this subsection, “hard surfaced” shall mean the provision of a durable surface of concrete, asphalt or similar materials designed to permit access use under all expected climatic conditions.
- b) No part of a driveway shall be built or maintained on a *lot* containing a *building*, without being hard surfaced if:
 - (i) any continuous, ten (10) metre length of that driveway, measured on its centerline, exceeds fifteen per cent (15%) in grade, and
 - (ii) that driveway provides the only *vehicle* access from a *roadway* to a *building* on the *lot* which it serves.
- c) No part of a driveway as prescribed in Section 3.8(9)(b) shall be built or maintained if any continuous, ten (10) metre length of that driveway, measured on its centerline, exceeds twenty per cent (20%) in grade.

3.9 Temporary Commercial or Industrial Use Permits

(**added by Bylaw No. 309, adopted August 18, 2008)

- (1) Authority to consider the issuance of Temporary Commercial or Industrial Use Permits in accordance with the *Local Government Act* is hereby designated for the property legally

described as Section 15, Highlands District, Except those parts in Plans 7077, 7599, and 16010 and located at 1943 Millstream Road.

3.10 Accessory Dwelling Units

(**added By Bylaw No. 438, adopted December 4, 2023)

- (1) The total floor area of an *accessory dwelling unit* shall not exceed 90m².
- (2) The property owner must have as their principal residence either the *principal dwelling unit* or the *accessory dwelling unit*.
- (3) An *accessory dwelling unit* must not be used for a *home-based business*.
- (4) An *accessory dwelling unit* must not be subdivided from the *principal dwelling unit* on the same *lot*.

SECTION 4

SUBDIVISION REGULATIONS

4.1 Lot Area

(**replaced by Bylaw No. 457, adopted June 17, 2004)

- (1) No land shall be subdivided under the *Land Title Act* or the *Strata Property Act* unless:
- a) the area of each *lot* proposed to be created is as least as great as the minimum *lot* area prescribed by this Bylaw, and
 - b) the average area of *lots* in the subdivision is at least as great as the average *lot* area prescribed by this Bylaw.

4.2 Lot Frontage and Width

- (1) No land shall be subdivided under the *Land Title Act* or the *Condominium Act* unless:
- a) where a minimum *frontage* is prescribed by this Bylaw, the *lot* has a *frontage* equal to or greater than the prescribed *frontage*, unless the *lot* is exempted by Council under Section 944 of the *Municipal Act*,
 - b) where a Bare Land Strata subdivision is proposed, the portion of the boundary of a strata *lot* that abuts a common property access route is no less than 10 per cent (10%) of the perimeter of the same strata *lot*, or
 - c) where a minimum *lot* width is prescribed by this Bylaw, the width of the *lot* at its narrowest point is at least as wide as the prescribed minimum width.

4.3 Lot Area Averaging

- (1) If a subdivision is proposed that yields the maximum number of *lots* permitted by the applicable minimum and average *lot* areas prescribed by this Bylaw, and one or more of the *lots* being created has an area equal to or greater than twice the applicable average *lot* area, the applicant must grant a covenant to the Municipality in respect of every such *lot*, prohibiting further subdivision of the *lot*.
- (2) If a subdivision is proposed that yields fewer than the maximum number of *lots* permitted by the applicable minimum and average *lot* areas prescribed by this Bylaw, and one or more of the *lots* being created has an area equal to or greater than twice the applicable average *lot* area and one or more of the *lots* being created has an area less than the applicable average *lot* area, the applicant must grant a covenant to the Municipality in respect of every *lot* having an area equal to or greater than twice the applicable average *lot* area, prohibiting the subdivision of the *lot* so as to create a greater total number of *lots* by subdivision and resubdivision of the original *lot* than would have been created had the first subdivision created the maximum number of *lots* permitted by the applicable minimum and average *lot* areas prescribed by this Bylaw.

4.4 Lot Exceptions

*(**added by Bylaw No. 159, adopted September 4, 2001)*

- (1) Despite Sections 4.1 and 4.2, the *lot* areas, widths and *frontages* prescribed by this Bylaw shall not apply to a *lot* created for the operation of a utility service or system or for park use only, if the *Municipality* is granted a covenant restricting the use of the *lot* to that use, or if the *lot* is dedicated as park on the subdivision plan.

*(**added by Bylaw No. 159, adopted Sept 4, 2001)*

- (2) Despite Section 4.1, the minimum *lot* areas prescribed by this Bylaw shall not apply if a subdivision creates one or more *lots* for park use only, dedicated as such on the subdivision plan or subject to a use covenant as described in subsection (1), and if the number of other *lots* in that subdivision is not greater than the maximum number of *lots* that would be permitted by subdivision of the original *lot* under the applicable *lot* areas prescribed by this Bylaw.

4.5 Lot Line Adjustments

- (1) Despite the *lot* areas prescribed by this Bylaw, *lots* which have areas smaller than the applicable *lot* areas prescribed by this Bylaw may be consolidated and resubdivided into the same or a lesser number of new *lots*, provided that the resubdivision does not result in the reduction of any original *lot* area by twenty per cent (20%) or more of its area that existed prior to the resubdivision.

*(**added by Bylaw No. 114, adopted Oct. 4, 1999)*

- (2) Despite Section 4.5(1), resubdivision of Lot 1, Plan VIP 52572, Section 14, Highlands District may result in a reduction of its original lot area by 70% of its area that existed prior to a resubdivision.

5.1 Zoning Map

- (1) The location and boundaries of the *Zones* established by this Bylaw are shown on the Zoning Map attached to and forming Schedule A to this Bylaw.
- (2) Where a *Zone* boundary does not follow a legally defined boundary, and where the distances are not specifically indicated on Schedule A, the location of the boundary shall be determined by scaling from Schedule A.

- (3) When a *Zone* boundary designated on Schedule A follows a *highway* or a *watercourse*, the centerline of the *highway* or *watercourse* shall be the *Zone* boundary.
- (4) The boundaries between the W1 and W2 *Zones* and abutting upland *lots* shall be the *natural boundary* of the waterbody or sea, as the case may be.
- (5) Where land formerly covered by water has accreted to the upland, it shall upon deposit of a plan under Section 95 of the *Land Title Act* be deemed to have the same *Zone* designation as the adjacent upland.

SECTION 6

RURAL RESIDENTIAL ZONES

SECTION 6.1

RURAL RESIDENTIAL 1 (RR1) ZONE

6.1.1 Permitted Uses

- (1) In addition to the uses permitted in Section 3.0 of this Bylaw, the following uses and no others shall be permitted in the Rural Residential 1 (RR1) Zone:

SECTION 6.13

RURAL RESIDENTIAL 13 (RR13) ZONE

(**added by Bylaw No. 310, adopted September 15, 2008)

6.13.1 Permitted Uses

- (1) In addition to the uses permitted in Section 3.0 of this bylaw, the following uses and no others shall be permitted in Rural Residential 13 (RR13) Zone:
 - a) *Residential*
 - b) *Home-based Business*
 - c) *Accessory uses, buildings and structures*

6.13.2 Residential Density

(**replaced by Bylaw No. 457, adopted June 17, 2024)

- (1) There shall be no more than one (1) *principal dwelling unit* on each *lot*. For the purposes of this zone, *lot* excludes common property in a Bare Land Strata.

(**added by Bylaw 457, adopted June 17, 2024)

- (2) In accordance with a density benefit scheme under Section 482 of the *Local Government Act*, there may be no more than one (1) *accessory dwelling unit* on each *lot* if the property owner grants a covenant pursuant to Section 219 of the *Local Government Act*, in favour of the District of Highlands, prohibiting the *accessory dwelling unit* from being subdivided under the *Land Title Act* or the *Strata Property Act*, or their successor legislation, from the *principal dwelling unit*.

6.13.3 Siting and Dimensions of Buildings and Structures

- (1) All *buildings* and *structures* shall be measured from the property line to the foundation of the *building* or *structure*. Chimneys, cornice, leaders, gutters, pilaster, belt courses, sills, steps, eaves, sunlight control projections, canopies, balconies, or ornamental features may project into a required setback from a *front*, *side*, or *rear lot line* beyond the face of a *building*, the minimum distances to be reduced by not more than 1 metre but such reduction applies only to the projecting feature.
- (2) For the purposes of this zone only,
 - a) "Front yard" means the area bounded by the *front lot line*, the two *side lot lines* nearest the *front lot line*, and the *dwelling unit's* foundation contour nearest to the *front lot line*.
 - b) "Rear yard" means the area bounded by the *rear lot line*, the two *side lot lines* nearest the *rear lot line*, and the *dwelling unit's* foundation contour nearest to the *rear lot line*.
 - c) "Side yard" means the area between a *side lot line* and the *dwelling unit's* foundation contour, specifically excluding the "front yard" and "rear yard" and any area taken up by *accessory buildings* or *structures*.
- (3) The *height* of a *dwelling unit* shall not exceed 9 meters.
- (4) No *dwelling unit* shall be sited within 5 meters of a *front lot line*.
- (5) No *dwelling unit* shall be sited within 1.5 meters of a *side lot line*.
- (6) No *dwelling unit* shall be sited within 5 meters of a *side lot line* that abuts a street or *highway*.
- (7) No *dwelling unit* shall be sited within 5 meters of a *rear lot line*.
- (8) The total *floor area* of a *dwelling unit* shall not exceed 350 square meters.

- a) Garages and carports shall be included in the 350 square meters total *floor area* of a *dwelling unit*.
- b) Despite section 6.13.3 (8) (a), up to 29 square meters of a carport only may be excluded from the 350 square meters total *floor area* of a *dwelling unit*.
- (9) Despite section 3.8(7)(b) of this Bylaw, at least one of the required parking spaces shall be within the *dwelling unit*, such as within the carport or the garage.
- (10) *Accessory buildings* and *structures* shall only be permitted in the “side yard” or “rear yard”.
- (11) *Accessory buildings* and *structures* are not permitted within a “side yard” flanking a street or *highway*.
- (12) The height of an *accessory building* or *structure* shall not exceed 5 meters.
- (13) No *accessory building* or *structure* shall be sited within 1 meter of a *rear lot line*.
- (14) No *accessory building* or *structure* shall be sited within 1 meter of a *side lot line*.
- (15) The total *floor area* of all *accessory buildings* and *structures* shall not exceed 100 square meters or 30% of the total combined area of the “side yard” and “rear yard”, whichever is less.

6.13.4 Subdivision Density and Lot Area Requirements

- (1) No *lot* created shall be smaller than 2.5 hectares.
- (2) Despite Section 6.13.4 (1), if the amenities described in Section 6.13.5 of this bylaw are provided, and if the District of Highlands and the Owner have entered into a Development Agreement, a subdivision plan may be approved to create a maximum of 57 *residential lots* (excluding common strata property) with no *lot* having less than 150 square meters (1,614 sq. ft.) in area, except in the case of a corner *lot*, which must not be less than 190 square meters (2,044 sq. ft.) in area.

6.13.5 Amenities

- (1) Land with an area of not less than 9 hectares in the RR13 *Zone* may be subdivided into the maximum number of *residential lots* and the prescribed *lot* area as specified in Section 6.13.4 (2) of this bylaw, if the amenities described in Section 6.13.6 (2) are provided and the Development Agreement referred to in Section 6.13.4 (2) has been entered into.
- (2) The payment of \$7,800.00 for each additional *lot* created, to a maximum of \$436,800.00 (CDN), the first half of which payment received to be placed in the Fire Department Equipment Replacement Reserve Fund, and next \$50,000.00 of which payment received to be placed in the Park Reserve Fund, and the balance of payment received to be placed in the Capital Works and Equipment Reserve Fund.

SECTION 6.14

RURAL RESIDENTIAL 14 (RR14) ZONE

- (g) A use in this zone shall not ordinarily discharge or emit odorous, toxic or noxious matters or vapors, heat, glare, noise, vibration, smoke, dust, effluent or other emission hazards, electrical interference, or radiation across any lot line.

11.1.3 Siting and Dimensions of Buildings, Structures and Uses

- (1) In this zone the definition of *finished ground level* is as follows:

“FINISHED GROUND LEVEL means the *height* of a point at the perimeter of the base of a *building or structure* and which is vertically within 1.0 metres of the ground level of the land prior to the siting, placement or construction of that *building or structure* but excludes a localized depression such as a stairway access to a lower floor”.

- (2) The *height* of a *principal building* shall not exceed 12 metres (39.4 feet).
- (3) The *height* of an *accessory building or structure* shall not exceed 8 metres (26.2 feet).
- (4) The maximum or combined *height* of containers utilized for the purposes of storage shall not exceed 3.5 metres (11.48 feet).
- (5) No *building or structure* shall be sited within 7.5 metres (24.60 feet) of a *front lot line*, provided that where the area between a building front line and a front lot line is landscaped and not used for off-street parking, the minimum setback may be reduced to 4.5 metres (14.76 feet).
- (6) Side Yards:
- a) A side yard shall be provided of not less than 5 metres (16.40 feet) in width for 1 side yard and 0 metres for the other.
- b) No *building or structure* shall be sited within 5 metres (16.40 feet) of a *side lot line* that abuts a *highway*.
- (7) No *building or structure* shall be sited within 1.5 metres (8.20 feet) of a *rear lot line*.
- (8) Despite Sections 11.1.3(5), 11.1.3(6) and 11.1.3(7), no *building or structure* shall be sited within 30 metres (98.4 feet) of a *lot line* that abuts Millstream Road.
- (9) Despite Sections 11.1.3(5), 11.1.3(6) and 11.1.3(7), no *building or structure* shall be sited within 10 metres (32.81 feet) of a *lot line* that abuts a non-industrial zoned property.
- (10) An *accessory building* must be located to the rear of the *principal building*.
- (11) No storage yard or area shall be permitted in a required front yard, nor in any required yard, which abuts a non-industrial zoned lot, or is separated by a highway or lane there from.
- (12) Retail sale and display of goods manufactured or stored on the property shall be permitted provided the total gross floor area devoted to such accessory *retail* sale and display does not exceed 25% of the gross floor area of the principal use to which it is accessory.
- (13) Materials collected at a *recycling depot* shall be stored within a building or in containers if stored outside of a building.
- (14) *Sawmills and planer mills* shall be contained within a completely enclosed building.
- (15) Lot coverage of all *buildings and structures* shall not exceed 50%.

11.1.4 Subdivision Density and Lot Area Requirements

- (1) No subdivision plan may be approved unless *lots* created by the subdivision have a minimum area of 0.2 hectares (0.49 acres) provided that the average overall lot size shall not be less than 0.8 hectares (1.98 acres);
- (2) No *lot* may be created having a lot frontage that is less than 20 metres (66 feet).

11.1.5 Landscaping and Screening

- (1) Landscaping and screening shall be provided and maintained for any use in accordance with the following:
 - (a) Landscaped areas shall be provided and maintained continuously along every *lot line* abutting a *roadway* throughout the area that is within 2.0 metres (6.56 feet) of that *lot line*.
 - (b) Despite subsection (a), natural or landscaped areas shall be provided and maintained continuously along every *lot line* abutting Millstream Road throughout the area that is within 10.0 metres (32.80 feet) of that *lot line*.
 - (c) Despite subsections (a) and (b), the landscaped areas may be interrupted provided required *vehicle* access to a *lot* from a *roadway*.
 - (d) The landscaped areas prescribed in subsections (a) and (b) shall have trees planted within a *height* of not less than 2.0 metres (6.56 feet) and a mature height of not less than 6.0 metres (19.68 feet), spaced not less than 6.0 metres (19.68 feet) apart, unless a greater spacing distance is recommended by a Landscape Architect.
 - (e) Landscaped planting areas shall be equal to or exceed 10% of the total impervious-surfaced parking and loading areas on-site. Landscaped planting areas shall include native, drought and fire-resistant vegetative ground cover, shrubs and trees, as approved by the Administrator or his delegate.

Garbage and recycling receptacles

- (f) Garbage receptacles and containers for materials to be recycled shall be stored in an enclosed area abutting the principal building,
- (g) All outdoor service areas, dumpsters and garbage receptacles, recycling containers, utility kiosks, and mechanical, electrical or other service equipment located outside or on the roof of a building, shall be setback a minimum of 10 metres (about 32.80 feet) from any lot line adjoining a property zoned for a non-industrial use, or a lot line abutting Millstream Road.
- (h) All outdoor service areas, dumpsters and garbage containers, recycling containers, utility kiosks, and mechanical, electrical or other service equipment located outside or on the roof of a building, shall be integrated into the landscape and screened where visible from adjacent parking areas or lots by ornamental structures, landscaping or other means. The minimum treatment shall be either:
 - i) evergreen planting a minimum of 2 metres (6.6 feet) in height, or
 - ii) a screen wall or fence constructed from the same materials and colors as the principal building, a minimum of 2 meters (6.6 feet) in height, where such structure is supplemented with shrub plantings not more than 1.8 metres (5.9 feet) from the sides of the enclosure exposed to public view.
- (i) The foregoing minimum treatment level may be relaxed where natural vegetation or topographic features provide adequate screening of service areas, dumpsters and garbage containers, recycling containers, and utility kiosks.

Visibility at Intersecting Streets

- (j) On a corner lot nothing shall be placed or allowed to grow in such a manner as to impede vision between a height of 0.75 meters (2.46 feet) and 3.0 meters (9.84 feet) above the centerline grades of the intersecting streets within a triangular area 10 meters (32.81 feet) perpendicular from the intersecting street right of way lines.

11.17 Parking and Loading

- (1) Parking and loading areas shall be provided and maintained for any use in accordance with the following:
- (a) The required number of parking spaces for each use are as follows:

Computer Technology sales, service and manufacturing	1 space per 45 sq. m. gross floor area
Financial Institutions	1 space per 20 sq. m. gross floor area
Recreation Facilities	1 space per 10 sq. m. gross floor area
Restaurants	1 space per 3 seats or 1 space per 10 sq. m. gross floor area
Retail	1 space per 20 sq. m. gross floor area
Sawmills and Planer mills	1 space per 200 sq. m. gross floor area
Scientific / Technology Research	1 space per 45 sq. m. gross floor area
Trade Schools	1 space per employee and 1 space per 5 students
Veterinary clinics	1 space per 30 sq. m. gross floor area
Building Product sales	1 space per 20 sq. m. gross floor area
Carpentry Shops	1 space per 100 sq. m. gross floor area
Film Production Studios	1 space per 100 sq. m. gross floor area
Industrial use	1 space per 45 sq. m. gross floor area
Mini storage	1 space per 200 sq. m. gross floor area
Nurseries	1 space per 200 sq. m. gross floor area
Office	1 space per 45 sq. m. gross floor area
Recycling Depots	1 space per 50 sq. m. gross floor area
Trade Contractor Offices	1 space per 45 sq. m. gross floor area
Wholesale Storage and Warehouse	1 space per 200 sq. m. gross floor area

- (b) When parking and loading spaces are visible from a flanking street or from an abutting property zoned for non-industrial use, the parking and loading spaces shall be screened such that it is not viewable from the flanking street or abutting property.
- (c) Parking areas containing more than 20 spaces in a row shall incorporate surface drainage infiltration galleries, landscaped planning areas not less than 1.5 meters (5 feet) in width and 6.0 meters (19.68 feet) in length every 20 spaces.
- (d) No parking or loading area shall be located within 10 meters (32.81 feet) of a property line abutting Millstream Road, Thetis Lake Park, or a non-industrial zoned property.
- (e) Bicycle racks or a similar facility to park/store bicycles shall be provided in a location accessible to employees and visitors. At least 1 bicycle space shall be provided for every 10 required off-street parking spaces.
- (f) Accessible parking spaces, to be included in the required parking spaces, must be provided as follows:

- i. 1-20 parking spaces required
1 accessible parking space
- ii. 21 – 100 parking spaces required
1 additional accessible parking space
- iii. 101 – 1000 parking spaces required
2 additional accessible parking spaces per 100 required parking spaces

11.1.8 Driveways and Access

- (1) No driveway vehicle access shall be located within a required setback area of a lot except to provide essential direct access from the street to a required parking area within that lot.
- (2) Driveways to a lot shall be designed and constructed to be at approximately 90 degrees with the intersecting street.
- (3) Each driveway shall be constructed not less than 6 meters (about 19.7 feet) in width for one-way traffic and not less than 7.5 meters (about 24.6 feet) in width for two-way traffic.
- (4) Proper access and circulation for emergency vehicles shall be maintained at all times.

11.1.9 Fences and Walls

- (1) No fence or wall shall exceed a height of 2.4 meters (8 feet).
- (2) Trees, shrubs or vines shall be provided on the street side of any fence or structural screen. The trees, shrubs or vines shall cover a minimum of 50% of the fence or structural screen in order to soften the fence or screen.

11.1.10 Storage Areas

- (1) Exterior storage areas shall be located to the rear of the buildings or structures or to the side when adjacent to an interior side lot line.
- (2) Outdoor storage is permitted provided that the materials are on an improved surface and screened from view from adjacent roads and abutting properties containing non-industrial uses.

SECTION 11.2

MEDIUM INDUSTRIAL (M2) ZONE

11.2.3 Siting and Dimensions of Buildings, Structures and Uses

- (1) In this Zone the definition of *finished ground level* is as follows:

“FINISHED GROUND LEVEL means the *height* of a point at the perimeter of the base of a *building or structure* and which is vertically within 1.0 metres of the ground level of the land prior to the siting, placement or construction of that *building or structure* but excludes a localized depression such as a stairway access to a lower floor”.

- (2) The *height* of a *principal building* shall not exceed 12 metres (39.4 feet).
- (3) The *height* of an *accessory building or structure* shall not exceed 8 metres (26.2 feet).
- (4) The *height* of silo shall not exceed 25 metres (82 feet).
- (5) The maximum or combined *height* of containers utilized for the purposes of storage shall not exceed 25 metres (82 feet).
- (6) No *building or structure* shall be sited within 7.5 metres (2.60 feet) of a *front lot line*, provided that where the area between a building front line and a front lot line is landscaped and not used for off-street parking, the minimum setback may be reduced to 4.5 metres (14.76 feet).
- (7) Side Yards:
- (a) A side yard shall be provided of not less than 5 metres (16.40 feet) in width for 1 side yard and 0 metres for the other.
- (b) No *building or structure* shall be sited within 1.5 metres (16.40 feet) of a *side lot line* that abuts a *highway*.
- (8) No *building or structure* shall be sited within 1.5 metres 8.20 feet) of a *rear lot line*.
- (9) Despite Sections 11.2.3(6), 11.2.3(7) and 11.2.3(8), no *building or structure* shall be sited within 30 metres (98.4 feet) of a *lot line* that abuts Millstream Road.
- (10) Despite Sections 11.2.3(6), 11.2.3(7) and 11.2.3(8), no *building or structure* shall be sited within 10 metres (32.81 feet) of a *lot line* that abuts a non-industrial zoned property.
- (11) An accessory building must be located to the rear of the principal building.
- (12) No storage yard or area shall be permitted in a required front yard, nor in any required yard, which abuts a non-industrial zoned lot or is separated by a highway or lane there from.
- (13) Retail sale and display of goods manufactured or stored on the property shall be permitted provided the total gross floor area devoted to such accessory *retail* sale and display does not exceed 25% of the gross floor area of the principal use to which it is accessory.
- (14) Materials collected at a *recycling depot* shall be stored within a building or in containers if stored outside a building.
- (15) Lot coverage of all *buildings and structures* shall not exceed 50%.

11.2.4 Subdivision Density and Lot Area Requirements

- (1) No subdivision plan may be approved unless *lots* created by the subdivision have a minimum area of 0.2 hectares (0.49 acres) provided that the average overall lot size shall not be less than 0.8 hectares (1.98 acres).
- (2) No lot may be created having a lot frontage that is less than 20 metres (66 feet).

11.2.5 **Landscaping and Screening**

- (1) Landscaping and screening shall be provided and maintained for any use in accordance with the following:
- (a) Landscaped areas shall be provided and maintained continuously along every *lot line* abutting a *roadway* throughout the area that is within 2.0 metres (6.56 feet) of that *lot line*.
 - (b) Despite subsection a), natural or landscaped areas shall be provided and maintained continuously along every *lot line* abutting Millstream Road throughout the area that is within 10.0 metres (32.80 feet) of that *lot line*.
 - (c) Despite subsections a) and b), the landscaped areas may be interrupted to provide required *vehicle* access to a *lot* from a *roadway*.
 - (d) The landscaped areas prescribed in subsections a) and b) shall have trees planted with a *height* of not less than 2.0 metres (6.56 feet) and a mature height of not less than 6.0 metres (19.68 feet), spaced not less than 6.0 metres (19.68 feet) apart, unless a greater spacing distance is recommended by a Landscape Architect.
 - (e) Landscaped planting areas shall be equal to or exceed 10% of the total impervious-surfaced parking and loading areas on-site. Landscaped planting areas shall include native, drought and fire-resistant vegetative ground cover, shrubs and trees, as approved by the Administrator or his delegate.

Garbage and Recycling Receptacles

- (f) Garbage receptacles and containers for materials to be recycled shall be stored in an enclosed area abutting the principal building, which is screened from view by a fence or landscaping, and which is located to the rear of buildings or structures or to the side when adjacent to an interior side lot line.
- (g) All outdoor service areas, dumpsters and garbage receptacles, recycling containers, utility kiosks, and mechanical, electrical or other service equipment located outside or on the roof of a building, shall be setback a minimum of 10 meters (about 32.80 feet) from any lot line adjoining a property zoned for a non-industrial use, or a lot line abutting Millstream Road.
- (h) All outdoor service areas, dumpsters and garbage containers, recycling containers, utility kiosks, and mechanical, electrical or other service equipment located outside or on the roof of a building, shall be integrated into the landscape and screened where visible from adjacent parking areas or lots by ornamental structures, landscaping or other means. The minimum treatment shall be either:
 - i. evergreen planting a minimum of 2 meters (6.6 feet) in height, or
 - ii. a screen wall or fence constructed from the same materials and colors as the principal building, a minimum of 2 meters (6.6 feet) in height, where such structure is supplemented with shrub plantings not more than 1.8 meters (5.9 feet) from the sides of the enclosure exposed to public view.
- (i) The foregoing minimum treatment level may be relaxed where natural vegetation or topographic features provide adequate screening of service areas, dumpsters and garbage containers, recycling containers, and utility kiosks.

Visibility at Intersecting Streets

- (j) On a corner lot nothing shall be placed or allowed to grow in such a manner as to impede vision between a height of 0.75 meters (2.46 feet) and 3.0 meters (9.84 feet) above the centerline grades of the intersecting streets within a triangular area 10 meters (32.81 feet) perpendicular from the intersecting street right of way lines.

11.2.7 Parking and Loading

- (1) Parking and loading areas shall be provided and maintained for any use in accordance with the following:
- (a) The required number of parking spaces for each use are as follows:

Computer Technology sales, service and manufacturing	1 space per 45 sq. m. gross floor area
Financial Institutions	1 space per 20 sq. m. gross floor area
Recreation Facilities	1 space per 10 sq. m. gross floor area
Restaurants	1 space per 3 seats or 1 space per 10 sq. m. gross floor area
Retail	1 space per 20 sq. m. gross floor area
Scientific/Technology Research	1 space per 45 sq. m. gross floor area
Trade Schools	1 space per employee and 1 space per 5 students
Veterinary clinics	1 space per 30 sq. m. gross floor area
Building Product sales	1 space per 20 sq. m. gross floor area
Carpentry Shops	1 space per 100 sq. m. gross floor area
Film Production Studios	1 space per 100 sq. m. gross floor area
Industrial use	1 space per 45 sq. m. gross floor area
Mini Storage	1 space per 200 sq. m. gross floor area
Nurseries	1 space per 200 sq. m. gross floor area
Office	1 space per 45 sq. m. gross floor area
Recycling Depots	1 space per 50 sq. m. gross floor area
Trade Contractor Offices	1 space per 45 sq. m. gross floor area
Wholesale Storage and Warehouse	1 space per 200 sq. m. gross floor area

- (b) When parking and loading spaces are visible from a flanking street or from an abutting property zoned for non-industrial use, the parking and loading spaces shall be screened such that it is not viewable from the flanking street or abutting property.
- (c) Parking areas containing more than 20 spaces in a row shall incorporate surface drainage infiltration galleries, and landscaped planting areas not less than 1.5 meters (5 feet) in width and 6.0 meters (19.68 feet) in length every 20 spaces.
- (d) No parking or loading area shall be located within 10 meters (32.81 feet) of a property line abutting Millstream Road, Thetis Lake Park, or a non-industrial zoned property.
- (e) Bicycle racks or a similar facility to park/store bicycles shall be provided in a location accessible to employees and visitors. At least 1 bicycle space shall be provided for every 10 required off-street parking spaces.

- (f) Accessible Parking spaces, to be included in the required parking spaces, must be provided as follows:
 - i. 1-20 parking spaces required
1 accessible parking space
 - ii. 21 – 100 parking spaces required
1 additional accessible parking space
 - iii. 101 – 1000 parking spaces required
2 additional accessible parking spaces per 100 required parking spaces

11.2.8 Driveways and Access

- (1) No driveway vehicle access shall be located within a required setback area of a lot except to provide essential direct access from the street to a required parking area within that lot.
- (2) Driveways to a lot shall be designed and constructed to be approximately 90 degrees with the intersecting street.
- (3) Each driveway shall be constructed not less than 6 meters (about 19.7 feet) in width for one-way traffic and not less than 7.5 meters (about 24.6 feet) in width for two-way traffic.
- (4) Proper access and circulation for emergency vehicles shall be maintained at all times.

11.2.9 Fences and Walls

- (1) No fence or wall shall exceed a height of 2.4 meters (8 feet).
- (2) Trees, shrubs or vines shall be provided on the street side of any fence or structural screen. The trees, shrubs or vines shall cover a minimum of 50% of the fence or structural screen in order to soften the fence or screen.

11.2.10 Storage Area

- (1) Exterior storage areas shall be located to the rear of buildings or structures or to the side when adjacent to an interior side lot line.
- (2) Outdoor storage is permitted provided that the materials are on an improved surface and screened from view from adjacent roads and abutting properties containing non-industrial uses.

SECTION 11.3

HIGHWEST INDUSTRIAL (M3) ZONE

(**added by Bylaw No. 217, adopted December 20, 2004)

11.3.1 Permitted Uses

- (1) In addition to the uses permitted in Section 3 of this Bylaw, the following uses shall be permitted in the Highest Industrial (M3) Zone:

- (i) *Caretaker's Dwelling Unit;*
 - (j) *Vehicle and Equipment Repairs ancillary to any principal use undertaken on-site.*

11.3.2 Prohibited Uses

- (1) In addition to the uses prohibited by Section 3 of this Bylaw, the following uses are expressly prohibited in the Highest Industrial (M3) Zone:
- (a) *Burning or disposal of putrescible waste;*
 - (b) *Storage or dismantling of vehicles or equipment for salvage or landfill;*
 - (c) *Asphalt or cement manufacturing;*
 - (d) *Fertilizer, herbicide or pesticide manufacturing or storage;*
 - (e) *Bulk petroleum or natural gas product refineries, manufacturing or storage.*

11.3.3 Density

- (1) The maximum allowable *density* of all *buildings and structures* constructed to facilitate the *permitted uses* is limited to a *floor space ratio* (FSR) of 5.
- (2) The maximum *floor area* of an *office* use shall be 500 square metres (5,382 ft²).
- (3) Notwithstanding the provisions of subsections (1) and (2) of this section, if the owner has paid the District of Highlands \$75,000.00 to be placed in a Statutory Reserve Fund for Roads:
- (a) The maximum allowable *density* of all *buildings and structures* constructed to facilitate the *permitted uses* is limited to a *floor space ratio* (FSR) of 10, and
 - (b) The maximum permitted *floor area* of an *office* use shall be increased to 4,500 square meters (48,439 ft²).
 - (c) Not more than one *dwelling unit* is permitted on a *lot*.

(**replaced by Bylaw No. 457, adopted June 17, 2024)

- d) The maximum *floor area* of *Caretaker's Dwelling Unit* use shall be 350 square meters (3,767.5 ft²).

11.3.4 Siting and Dimensions of Buildings, Structures and Uses

- (1) With the exception of *covered storage structures*, which shall not exceed 15 meters (49.2 feet) in *height*, a *principal building* or *accessory building* shall not exceed 10 meters (32.8 feet) in *height*.
- (2) No *building* shall be sited within 15 meters (49.2 feet) of any *lot line*.

11.3.5 Landscape Areas

- (1) *Landscaped areas* shall be provided along every *lot line* with a minimum width of 15 meters (49.2 feet) measured perpendicular of that *lot line*.

11.3.6 Off-street Parking and Loading

- (1) Whenever a use of land, *buildings or structures* occurs pursuant to any provision in this Bylaw, off street parking spaces and loading areas shall be continuously provided and maintained.
- (2) The minimum number of off street parking spaces required for any use shall be calculated in accordance with Table 11.1.

Table 11.1

Use of Building	Required Parking Spaces
(**amended by Bylaw No. 457, adopted June 17, 2024)	(**added by Bylaw No. 457, adopted June 17, 2024)
